

TURKS & CAICOS

Aboard the T&C Aggressor II

June 2 – 9, 2012

Southeast of Miami, 575 miles and a world away, lies a tranquil eight island archipelago surrounded by the richest blue-green water on earth. This balmy setting is home to our vessel, the *Turks & Caicos Aggressor II*. The luxurious ship offers guests a week of thrilling wall diving along the coasts of Providenciales, West Caicos and French Caye. The sheer walls of Providenciales begin at 40 feet, plunging into the deep blue abyss and include crevasses and ledges that are decorated with huge orange Elephant Ear sponges, Gorgonians and Crimson Rope Sponges. In Turk & Caicos, underwater visibility reigns supreme due to its north Caribbean locale. It provides perfect conditions for uncovering the mysteries of the 7,000 foot wall and unblemished reefs. These warm, tropical waters provide a wilderness refuge for a spectacular array of coral walls, drop-offs and ledges which, in turn, house a bustling eco-system of large sea turtles and sharks, massive barracuda, African pompano, schools of eagle rays, and even migrating humpback whales.
